

QUALITY POLICY

JVS Engineers is committed to meeting Quality requirements of all applicable codes, regulations, standards and specifications for all products and services offered to its customers.

This commitment will be met at all stages of marketing, procurement, engineering, design, planning, manufacture, inspection, testing and dispatch. This will ensure that the technical integrity and fitness-for-purpose of all products and services match the customers' applications in all cases.

This Policy is implemented in all areas of operation by:

- Maintaining a Quality Management System meeting the requirements of ISO 9001 and API Spec Q1
- Ensuring clear understanding, documentation and communication of customers' requirements
- Requiring all key functions to specify Quality Objectives relevant to them
- Providing resources to achieve these quality objectives
- Making Continual Improvement a part of our mindset and practicing it on a daily basis
- Requiring our suppliers to establish and maintain similar standards of excellence

A handwritten signature in black ink, appearing to read 'Narendra Shah', is positioned above a horizontal line.

NARENDRA SHAH
